Dan,

The attached is in your department. I am sending it by buck slip to keep our records straight, since this document -- because of its sensitivity -- is one that should be properly logged and accounted for, with its current location being a matter or record at all times.

Though the IC Staff is marked for action, should you want to make any comments to the DCI, he would certainly welcome receiving them from you. When I get back from the War College next week, I would like to discuss this matter with you briefly.
